“ Isabel A Powell (Issy) lit a candle in memory of Randall Sneed

“ RL as we called him in The USAF was /is one of my best friends. We were only stationed together for about six or seven months but we formed a friendship that has lasted through the decades. What a wonderful friend. Out of all of our friends that ran around together Randy was always the most level headed. On our four day breaks he always loved going home and farming with his dad. I loved Randy as a friend but mostly as a Brother in Christ. God Bless you to all of his family. Love from Clover SC.

“ Randall was always thinking of others. He loved the Lord and we had some good conversations about our heavenly home being so much better. He will be missed by all who knew him, but the separation is only temporary. May God give his family peace and comfort in the coming days. Our prayers are with each of you.

“ The last time that he called me, he didn't want to talk about his condition, he just wanted to talk about helping someone else. Always thinking of others.

“ Randall was a great guy. He and I (Reese) traveled to Abilene to watch college basketball games in high school. Strong Christian and reliable friend.

“ We had not been in Winters long, but when we met Cheryl & then Randall they were very kindly towards us. We will always remember them fondly. May Cheryl find solace, in this difficult time, knowing that there is the hope of heaven where loved ones are reunited.
