“ Our trips "down south" were always so much better when we were able to visit Bede and Edna. They were always so very welcoming to us (Melinda and myself) -- interested in what we were doing and our plans for the future. When we were married and the children came along, she was always encouraging and (again) interested in what was going on with us. She was a very special lady.

“ Grandmother, you will be deeply missed. I can't even fathom the thought of you being gone. But not forever. I will see you again someday in heaven. You taught me so many things about gardening growing up, canning, my love for Jesus and so many other things. I love you. Rest easy up there with granddaddy.

The world lost a Beautiful woman inside and out. I never met a stronger, kinder and sweeter woman in my life. I remember the day I found out HOW strong she really was I was on the ambulance and got a call to her house I found her under a tree with a broken leg or hip i am not sure . it was 7:15 pm and I asked how long she had been out in that terrible heat and shed since 7:00am. I told her how strong she was and she told me no she had to wait she could not die and Luke find her. GOD SPEED my dear friend you will be missed Loved you ,ore than you ever knew Zelda
