“ Gary was truly a gentle Giant! He was so good to me when I was working at NR Hospital! I remember one day at work, I had a terrible Headache. He said, “I can fix that for you but you have to trust me.” I’m thinking that’s a great idea but I’ve tried everything like Tylenol and Ibuprofen so I said, go for it! It’s been two days and I’m miserable! Before I could blink he had twisted my head one way and then the other!!!! It sounded like he broke my neck, but the relief was instant!!! I remember him talking about his family and how much he loved each one! I feel sure this man has a special place in Heaven! Praying the Lord will comfort you all!
