“ I have many memories with my Uncle Bob. So many jokes he shared and so much laughter every visit. What I remember the most is when he came over to visit with my parents and I had cooked dinner (enchiladas and tacos 😊) and he told me I was the only person he knew that loved to put the entire can of comino in my food... but he had even a third serving!!! I always told him it was because I knew how to do it right and I would have him laughing up a storm.
